NEC

Easy to learn.

- Connectivity. Color-coded and well organized with connections for every source.
- Remote control. Adjust volume and select sources with the touch of a button.
- Keypad. One touch source changes and complete menu control using the intuitive projector keypad.
- Design. The attractive and inviting design of the new VT series projectors will grab attention before your presentation even begins.

Easy to use.

- Quick start up. Warms up and projects in seconds.
- Plenty of get-up and go. AutoSense[™] automatically syncs the projector with any computer signal and features one-touch image optimization.
- Great picture quality. The VT49 comes supplied with SVGA native resolution and 1,600 ANSI lumens. Patented NEC technologies like AccuBlend[™] and VORTEX[™] Technology enhance already impressive image quality.
- Quiet operation. Nearly silent operation.
- Up to 4,000 hours lamp life, providing years of classroom use.

* Limited to 2 per school
